[ADEKA PALMAROLE SAS](#) was founded in September 2000 as a joint venture between the ADEKA Corporation of Japan (90%) and the PALMAROLE Group of Switzerland (10%). Through continuing presence in this fair, we will show our technical strength to this market.

ADEKA Corporation, a Japan-based leading polymer additives manufacturer, was established in 1917 in Tokyo, having nearly 100 years of experience in the chemical industry. We have a wide product lineup in the polymer additives field:

- Process Stabilizers from Commodity to Specialty
- Nucleating Agent / Clarifying Agent for PP, including for Food Packaging
- High Performance HALS and UVA
- Environmental Friendly PVC Stabilizers/Plasticizers

The ADEKA group has 14 companies in 11 nations for polymer additives business, enhancing market development globally.

We are looking forward to seeing you at our stand.
