Date: Oct 19 (Wed) – 26 (Wed), 2016  
Place: Congress Center Düsseldorf  
Stand: Hall 06 / A11

K is the biggest tradeshow around plastics and rubber industries, held every 3 years. We ADEKA group participates in the fair every time for decades, as our French affiliate "ADEKA Palmarole SAS".

The ADEKA group has strength in specialty products such as nucleating and clarifying agents and high-heat stability UV absorbers. Additionally, now we are increasing our supplying ability of commodity products like antioxidants and flame retardants. Besides, we are also developing one-pack products mainly for the European and Middle East markets. Through these strategies, we will supply you with the best solutions and best products to meet your demand.

We are looking forward to seeing you at our stand.
